Acting Headteacher/ Pennaeth Gweithredol: Mrs. H Lewis

Changes to the way your child receives the flu vaccine

Dear Parent/Carer,

The arrangements for the 2015-16 flu season were recently announced by the Chief Medical Officer for Wales, and this year the secondary school flu vaccine pilot will cease in Wales. Therefore, children in school year 7 will not be offered flu vaccine in school this autumn.

Secondary school aged children with a health condition that puts them at increased risk of developing complications from flu infection should continue to obtain their flu vaccine each autumn from their GP in the usual way.

We would also like to take this opportunity to highlight the importance of your child being up to date with all immunisations. Around 95% of 11-year-old children are fully up to date with MMR vaccine, but 1 in 20 remain vulnerable to measles, mumps and rubella (German measles).

Please contact our school nurse, Sister Jayne Phillips, if you require any additional information about these matters.

Yours faithfully,

Mrs H. Lewis
Acting Headteacher
